Our high school Confirmation program is called Living Catholic. Living Catholic is a two-year journey that will help our youth grow closer to Jesus Christ by learning the mysteries of faith through the gospel teachings, while cultivating an independent love for God. Teens will have the opportunity to become united with the church by serving in Mass during their workshop Sundays. They will also experience living life as a catholic through various fun teen retreats, youth events and activities. In this 2-year program, **parents, teens, and sponsors** will get to explore the teachings of the Catholic Church and the relevance of faith today, especially for young people, the future of our church.
